

Median Technologies to Showcase iCRO's Central and AI-powered Imaging Services for Oncology Clinical Trials at ESMO 2026

- Median Technologies is a leading provider of central imaging services and AI-powered image analysis for oncology clinical trials
- The Company will host an interactive session on the implementation of RANO 2.0 in central imaging review for neuro-oncology trials at booth #1098
- The Company will also present an ePoster on the prevalence of emphysema in patients with non-small cell lung cancer

Sophia Antipolis, France: Median Technologies (*FR0011049824, ALMDT, “Median” or the “Company”*), developer of eyonis®, a suite of artificial intelligence (AI) powered Software as Medical Devices (SaMD) for early cancer detection and diagnosis, and a globally leading provider of AI-based image analyses and central imaging services for oncology drug developers, announced today that it will participate in the ESMO Congress 2026, taking place October 23-27, 2026, at IFEMA in Madrid, Spain.

Median's iCRO team will welcome attendees at booth #1098, Hall 10, from October 23 to 26, from 10:00 a.m. to 6:30 p.m. (technical exhibition hours), where it will showcase the latest advances in its central imaging and AI-powered image analysis services for oncology clinical trials.

The Company will host an interactive session at its booth exploring practical insights from the implementation of RANO 2.0, the updated response assessment framework for neuro-oncology, in central imaging review:

- **RANO 2.0 in Central Imaging Review: Driving Success in Neuro-Oncology Trials**
Sunday, October 25 | 12:00 p.m.-12:30 p.m. Presenters: Antoine Iannessi, VP Medical Affairs, iCRO, Median Technologies, and Anne-Sophie Auroux, VP Operations, iCRO, Median Technologies

The Company will also present the ePoster “ [Prevalence of Emphysema in Patients with Non Small Lung Cancer \(NSCLC\)](#)” (2560eP).

About ESMO Congress 2026: The European Society for Medical Oncology (ESMO) is a professional organization for medical oncology. The ESMO Congress 2026 will take place October 23-27, 2026, in Madrid, Spain. The Congress brings together the global oncology community to share knowledge, exchange ideas and explore the latest developments in cancer research, treatment and care. For more information about ESMO Congress 2026, visit the ESMO [website](#).
